

Aura Comet Series

Invictus Aura Comet / Comet XL
 Linear Air Disinfection System
 ISACO-S2W88-111
 ISACO-S2W175-111

UV-C Linear Air Sterilization in 2-ft or 4ft Options

The Invictus Aura Comet (2-ft) and Aura Comet XL (4-ft) are UV-C linear air disinfection systems designed for maximum effectiveness and versatility. The Comet's 80W and Comet XL's 160W UV-C induction system combined with the patent pending air flow design delivers an effective dose of UV-C to inactivate bacteria and viruses (such as the COVID-19 virus) with a whisper-quiet operation.

These units can be mounted to the wall, suspended from the ceiling, or can be mounted vertically with the optional stand. Applications of the Comet line include above doors/entryways, nursing stations, offices and reception areas, common rooms, food processing plants, restaurants, and schools.

The Aura Comet Overview:

- Available in two versions
 - Comet: 24" length
 - 80W UV-C Power (480µW/cm²)
 - Comet XL: 48" length
 - 160W UV-C Power (960µW/cm²)
- High power induction UV-C lamp
- 50,000 hr UV-C lamp life
- 254nm UV-C with hybrid PCO and ionizer
- Redundant internal safety shutoff
- Multiple mounting options
- UV Activated window to safely ensuring the UV bulbs are powered
- 3-year warranty
